

black & minority owned businesses in the golden isles

This directory was created for the community by
The Robert S. Abbott Race Unity Institute, Inc.

theabbottinstitute.org

January 2023

“Who you give your money to, is who you give your power to.”
– Frederick Douglass

This directory of Black and minority owned local businesses provides an excellent opportunity to promote economic equality and social justice. It also upholds two of the Abbott Institute’s overarching goals - to promote and recognize community leaders, businesses and organizations supporting our mission and to provide essential community resources.

The entries in this directory all came from Abbott Institute members or other trusted sources who could personally attest to the quality of service and products provided by these businesses. We are fortunate in Glynn County to have such a rich diversity of outstanding businesses owned and operated by Black and minority community members.

We all benefit from the availability of wonderful goods and services these businesses offer. And by giving them our business, we also help to close the racial wealth gap, strengthen our local economy, foster job creation, celebrate the diversity of our community, and avoid companies that practice policies that keep injustice intact.

We hope you will look to this directory when you are considering a new purchase or service. We will keep it updated as time goes on and would love to hear from you about any new finds that should be added.

(Email to: RaceUnity@theabbottinstitute.org)

For unity and justice,
The Robert S. Abbott Race Unity Institute Board of Directors
